THIS WEEK

A Giant Airfish,
Mr. Eel-Worm is Here.
The Devil's Ink Stain.
Your Eye and Auto.

—By Arthur Brisbane—

The United States built a giant dirigible, in ENGLAND. It fell, killed 62. Another, built in ITALY, fell, killed 34. Last week, the United States Zeppelin, ZR-1, built HERE by the American Government, flew over New York then started for Philadelphia, having first travelled 100 miles over New Jersey. Those who think the Government can't do anything and must always hire private assistance, take notice.

That great machine, looking like a silver coated fish, slowly traveling through the air above New York, was a warning to the six millions of the city, and the whole country.

In the morning, with the sun obscured by clouds, the air giant was barely visible. Had the captain chosen to go a few thousand feet higher, it would have been absolutely invisible.

Such a traveler coming out of the misty dawn, above the edge of the ocean, would first make itself known by dropping enough bombs to destroy New York, enough deadly gas to kill three-quarters of the inhabitants.

The next war will be an airwar. This country should be ready for it.

Important. Bad news for farmers in rapid spreading of the eel worm disease, imported from South Africa. The eel-worm, fatal to alfalfa and other plants, in two years has spread from Eastern Oregon to Kansas, great alfalfa State. Colorado, and other States, should fight this enemy as they would Asiatic cholera. The tiny deadly pest might cost farmers hundreds of millions yearly.

Yesterday you could buy a thousand million marks for $100. In 1914, one thousand million marks were worth $250,000,000. German money ,then worth two and one-half million dollars, is worth $1 now. That's what war does discourage the next war-like nation.

The castle of Wartburg is closed for lack of money to keep it in repair. The public can no longer see the room in which Luther translated the Bible, nor the big black spot on the wall made by him when he threw the inkwell at the devil.

American Lutherans perhaps will contribute to repairing the old castle and supply ink to freshen up the ink-stains, which have doubtless been made fresh many a time in the past. It is a pity to let old stories die.

American school children saved $9,500,000 in the last school year. The money is nothing, the saving habit is everything.

To teach children that poverty is slavery, and can be avoided by reasonable saving, is the first duty of parents. The second duty is to teach children that after they have saved, they must help others.

Exercise your eye muscles, and avoid automobile accidents. That's the advice given by Dr. Nesnies. When you are in a car going forty miles an hour, you go about fifty-eight feet every second. Unless your eye can roll from one side to the other at least twice in a second, you can't keep track of both sides of the road and travel safely at that speed. Prizefighters, fliers, automobile drivers, all require eye exercises to strengthen the eye muscles. At best, they get weak with old age. And a closed car requires better eyes than an open car.

The Prince of Wales, under the name of Baron Renfrew, is in Canada resting. In spite of his disguise a crowd met him when he arrived. The English know the value of Canada now ,and in future. The real England may be Canada some time, with the British Isles maintained as a central business office in Europe.

As the great Roman Empire saw the seat of power change from Italy to Constantinople, so Britons of another century may see their Imperial Parliament and whatever is left of the royal family transplanted in Montreal or Australia.

GRAND MATRON O. E. S. IN ST. CLOUD TUESDAY

The Worthy Matron of St. Cloud Chapter No. 46, Order Eastern Star, announces that there will be a special meeting of the Chapter on Tuesday evening, October 2nd, the occasion being the annual visit of the Worthy Grand Matron to the Chapter.

The annual banquet honoring the Grand Matron will be held at the Badger Cafe on corner of Pennsylvania avenue and Tenth street, the doors to open at 6:30 o'clock. All [illegible] Order Eastern Star are invited to participate. They are requested to meet at the Chamber of Commerce room and proceed to the Badger Cafe at 6:30. This is necessary as there is no place for the members to assemble at the Cafe and the doors will not be open until the hour stated.

After the dinner the members will proceed to the hall where the work will be exemplified.

Presbyterian Church News

Last Sabbath we had a wonderful time at the church. Sabbath school began promptly at 9:30 A. M. with a number present.

Rev. Lander supplied the pulpit at 10:45 A. M.

The Brotherhood class gave an interesting service in the G. A. R. hall at 6:30 P. M.

The Christian Endeavor Society led by Miss Hodge was well attended. The members of the C. E. Choir were all there on time and rendered some special music. There are wonderful things happening at our C. E. meetings. Every Sunday we are having fine meetings and large crowds. A big C. E. picnic is being planned for the near future. Come out and get some of the good that is being trumped loose in these meetings. It will do you good.

Next Sunday Sept. 30th, Sabbath school will begin 9:30 A. M. sharp. Come early and get the benefit of the opening exercises.

At 10:45 A. M. Rev. L. M. Parker, "our mayor" will preach for us. "Enough said". Come out and hear a live message from a live man.

Christian Endeavor meeting at 8:00 P. M. after the meeting in the G. A. R. hall.

Everybody is invited to attend all of these helpful meetings.

On Sunday morning September 16, while Rev. B. Atchison and family were attending the Sunday morning services in the Baptist church, some person or persons entered their country home, at Libby's hill and proceeded to make away with about three hundred dollars worth of clothing and family belonging. Two big overcoats, one ladies fur coat and two strings of beads were among the articles which were stolen and an army bag found in the house was used to stow away the plunder by the thief. Officers were notified as soon as the family learned of the loss but the theft was not given out for publication in time for last week's paper. Several clues to the identity of the marauder are in the hands of the officers and it is believed the culprit will be apprehended.

Word is received as we go to press that a man was arrested in Kissimmee who had some of the stolen articles in his possession.

Mr. A. E. Haynie, State Director of Vocational Training under the Smith Hughes Act, was in the city Wednesday inspecting the work under way in St. Cloud and conferring with the school officials. He expressed himself as well pleased with the showing made by Prof. A. I. Gieger since the opening of school this month.

QUESTION OF NEW QUARTERS FOR CHAMBER OF COMMERCE, A "SPECIAL ORDER"

The regular weekly meeting of the Chamber of Commerce was held in the rooms of the organization on Wednesday noon of this week, at which time matters of interest were taken up after the delicious luncheon, which had been prepared for the occasion, had been served. An unusually large attendance was had at this meeting, which is an indication that the members of the organization are taking a renewed interest in the affairs of the city, and all want to put their shoulders to the wheel and work for a greater St. Cloud.

After the reading and approval of the minutes of the previous meeting, reports of committees were heard. Mr. J. A. McCarthy, who was a delegate representing the Chamber of Commerce at the annual convention of the United Spanish War Veterans at Chattanooga, Tenn., made a report of the work he had accomplished. He stated that while he met with quite a bit of competition in the distribution of the St. Cloud literature, as other cities had representatives on the ground with more elaborate literature, he succeeded in placing all of the leaflets calling attention to "The Beautiful City." Mr. McCarthy was very enthusiastic in his praise of the good work done by the Boy Scouts at the Convention in assisting the visitors in many ways. The report was accepted with the thanks of the Chamber of Commerce.

Mrs. Foster brought up the matter of the camp grounds at the lake front, stating that the place had not been prepared for use as auto camp grounds as yet, and that people were being disappointed nearly every day by driving down there and finding no place to stay. This matter was referred to the advertising committee with instructions to get in touch with the city sanitary commissioner, and with his help and advice get the place in shape for immediate use. The matter was also brought up that the place must comply with regulations made by the State Board of Health for Auto Camp Grounds and the committee instructed to act accordingly. It is expected that the new Tourist Auto Camp will be ready for use in the very near future.

A report of the condition of the Melbourne road was called for and Rev. Wm. Landiss, who attended a meeting in Kissimmee on Tuesday night stated that there was only one detour in Osceola County's road and that if weather conditions were favorable that the road would be completed and opened for the use of the public within the next 30 days, after which time detours in Osceola County will be unnecessary.

While the matter of roads was before the body, Mr. V. Clyde Edwards stated that he had taken the matter of the streets of the city up with County Engineer Johnson, merely to secure information. Mr. Johnson stated that the city needed a tractor and a roller to keep the road in good condition. Mr. Edwards felt that the matter should be brought to the attention of the City Council and see if some action could not be taken towards keeping the unpaved streets of the city graded up in better condition, as good streets are the best asset any city can have. He also advocated the paving of Ohio avenue to the Lake front as this is one of the most used streets of the city, not only leading to the pier and lakefront, but also the main street to the City Park which is rapidly being transformed into a playground for the tourists.

Mr. Edwards also mentioned the Lakefront, stating that he was in Orlando recently and noticed the improvements being made on Lake Ivanhoe of that city. They have two suction dredges working at that place and are filling in the lakefront making a beautiful beach without the use of a bulkhead. It has been stated that a bulkhead is not necessary where we are not affected by tides, and if this proves to be the case the expense of fixing up our lakefront would be considerably lessened. It was his opinion that something should be done immediately to beautify St. Cloud's lakefront and make it a source of attraction to those who come here each year.

Mr. Sam Brammar introduced with a few well chosen remarks, Mr. A. E. Haynie, State Director of Vocational Training under the Smith Hughes Law. Mr. Haynie expressed his pleasure at being the guest of the Chamber of Commerce and explained just what the Smith Hughes Act was passed for and the great good that it is accomplishing in the communities that have taken advantage of it. He stated that he was interested in St. Cloud and the work under way here, and that if it is possible hoped to take up Domestic Science in the school here in the near future, which, together with the Agricultural Course already in the school, will make the St. Cloud School far ahead of many others in the state. President L. M. Parker, of the Chamber of Commerce assured Mr. Haynie of the hearty cooperation of the Chamber of Commerce in futhering the good work already under way under the Smith-Hughes Act, and thanked him for the information he had presented.

Mr. S. W. Porter made a report of the Band Committee, stating that the band was progressing nicely and were planning a concert for the near future. He stated that it was the plan of the committee at the re-organization of the band for the director to be paid out of the band fund for the first month, and the committee had promised that the Chamber of Commerce would in some way take care of the payments thereafter. He was assured that the Chamber of Commerce would take care of the matter in the very near future ,and the band was instructed to pay the director out of the band fund for the month due and charge same to the Chamber of Commerce, who would re-imburse them for same.

Mr. Porter also brought to the attention of the Chamber of Commerce the proposition of the G. A. R. Hall Association, who are waiting the decision of the body relative to taking the new Annex of the hall as headquarters of the Chamber. After some discussion it was moved that this matter be made a special order of business for the meeting on next Wednesday, to be taken up immediately after the reading of the minutes.

Mr. Morris, the new Scout Executive of the Central Council of Florida, Boy Scouts of America, was introduced by Rev. Wm. Landiss, and expressed his pleasure at being present. He stated that he was making his first trip over the Central Council and had not as yet completed his plans for the year's work, but that he expected to be present again and would then be glad to address that body.

The entertainment committee for next week as appointed was Messrs. McKay, Armstrong and Barlow, and it is rumored that the appointment of these gentlemen on the refreshment committee means another of those good fish dinners for which Mr. McKay is noted.

There being no further business the body adjourned until next Wednesday, when it is hoped that a good attendance will be present to consider the important matters that are to come to the attention of the members.

Wrecked U. S. Destroyers on Rocks

This remarkable photograph shows four of the seven U. S. destroyers smashing to pieces on the rocks off Point Honda, Cal., where they ran aground in a fog in one of the most unusual catastrophies of the sea. Twenty-three lives were lost—while more than seven hundred gobs and officers were being saved through heroic efforts.

GOVERNOR WALTON CAUSED DISPERSING OF OKLAHOMA LEGISLATURE YESTERDAY NOON

Through military power Governor Walton of Oklahoma, yesterday at noon caused the legislature of that state to be dispersed, when members of both houses gathered to hold a session in defiances of his order not to convene.

Although the house was called to order and a journal of the actions taken to be used as a basis of a court fight, there was no disorder, when immediately the house was called to order Col. Key, acting under orders from the adjutant general and governor, commanded the members to disperse.

Despite the fact that they were dispersed when they gathered at noon Wednesday before the barred doors of the house chamber at the capital, the legislators contended that the house formally was convened and that it is now in recess pending the call of the presiding officer.

A statement by Representative W. D. McBee, a leader in the assembly move, declared that the proceedings constituted a meeting of the house, notwithstanding its interruption by troops acting under the order of Governor Walton.

With the statement, Representative McBee made public what he declared to be the official journal of the house.

It detailed the brief action which terminated in the clearance of the capitol corridors by the military.

Prevented from meeting or even caucusing, the house members Wednesday night pinned their hope for protection against the military authorities upon the efforts of a legal committee which is preparing court proceedings to mark the next stage in the conflict.

No Further Attempt

That there would be no immediate attempt to assemble again in defiance of martial law regulations was the promise made late Wednesday by house leaders to Adjutant General B. H. Markham. Observers predicted that the solons would await a court ruling before essaying another assembly. Representative Disney, chairman of the legal committee, said Wednesday night that the court proceedings could not get under way before morning. He refused to indicate what form the action might take or whether it would be instituted in the state supreme court or the federal court here.

It is expected, however, that an injunction will be sought against Governor Walton, with the possibility that National Guard officers will be made parties to the suit.

Attorney General George F. Short of the state when the court battle begins told newspapermen that several who will oppose the action in behalf types of legal action might be filed. He added that he did not know what to expect. The nature of the proceedings he said would determine the place of filing.

The "journal of the house," designed to show that the session was regularly called Wednesday and that it was dispersed, is expected to be made the basis for the suit.

On Hotel Stationery

dispersing us as members of the local hotel where the legislators make their headquarters, describes the proceedings as follows:

"Corridors of the Hall of Representatives, September 26, 1923, 12:00 noon.

"Representative Charles S. Brice, ascertaining that sixty-six members of the house of representatives were present, called the house to order, at which time Colonel William S. Key intervened, and commanded that the house of representatives disperse, after which he read his order from the governor of the state of Oklahoma, authorizing such command.

"Rrepresentative Stovall: 'Will you please explain the order, Colonel Key.'

"Colonel Key: 'The order which I have just read is self explanatory.'

"Representative Stovall: 'You have the entire military force of the state at your command, do you?'

"Colonel Key: 'I refuse to answer the question.'

"Representative Disney: 'Did you state that you would not answer any questions?'

"Colonel Key: 'No, sir.'

"Representative Disney: 'Are you dispersing us as members of the house of representatives?'

"Colonel Key: 'Yes, sir.'

"Representative Disney: 'Very well, sir.'

"Colonel Key: 'Please do us the courtesy to move on.'

Representative Boyer: 'Am I dispersed as a member of the legislature?'

"Colonel Key: 'I refuse to answer any individual questions. The orders have been very explicit.'

"Turning) 'Major McCarty, please see that the room is cleared.' "

But this unembellished record does no picture of the tense scenes attending the clash between the legislators and the grim-faced soldiers.

Milled For Test

Crowded in the rotunda on the fourth floor of the capital the house members, a small army of newspaper correspondents and possibly a hundred spectators milled around awaiting for the test.

With rifles on their shoulders, two privates stood before the doors of the house and the senate chambers. Officers wearing service revolvers stationed themselves at vantage points.

The hands of the clock swung to noon.

Suddenly above the noise arose a voice—that of Charles S. Brice, of McAlister, speaker pro tempore. It came from the rear of the crowd that pressed up to the armed barrier to the hall of the house.

"As it is noon the house is in session—"Brice began.

"You are commadned to disperse." This sharp command interrupted Brice and the crowd turned and saw Colonel W. S. Key, military commander in five minutes the rotunda was deserted.

A crowd of approximately 3,000 persons, sent up a loud cheer from a field across a street as the first of the legislators appeared on the capitol steps.

Guards made no effort to stay the demonstration until the throng pressed forward to meet the legislators. Then they ordered it to disband.

With the departure of the legislators, the crowd melted rapidly and followed in their wake.

The house members went immedi-

(Continued on Page 8)

Ordered Martial Law in Oklahoma

Gov. J. O. (Jack) Walton of Oklahoma, who placed his entire state under martial law to suppress floggings. He also forbade a special and extraordinary session of the State legislature which would impeach him. He has been severely criticised by newspapers.

AMERICAN LEGION

Indianapolis.—Ambassador Masanao Hamihara, of the Japanese embassy to the United States, has written to American Legion national headquarters expressing appreciation for a message of sympathy sent by the legion at the time of the great catastrophe in Japan. "Such sympathy as yours is most precious in such times of suffering as this and you may be sure that my people will respond to it, not only with gratitude but with a greater courage in undertaking the task of reconstruction.

Indianapolis.—Wearing of old army clothing for purposes other than to preserve sentiment attached to his original use, is regarded by the American Legion as a misuse of the uniform, according to a recent announcement at national headquarters of the organization.

A proposal to equip patients in institutions in Idaho with discarded army blouses purchased from surplus government stocks by private concerns, was responsible for the national organization's ruling.

Sioux City.—A program for observance of "Constitution Week" was planned by H. Burton Smith, chairman of the Americanization commission of the Monahan post of the American Legion in Sioux City. The program is to take place in the public and parochial schools and will include addresses by well known lecturers. The observance of the anniversary week of the Constitution closed with an Americanization dinner attended by representatives of all local patriotic societies.

Jonesboro, Ark.—Delegates to the annual convention of the American Legion recently held in Jonesboro, enjoyed the novel sensation of a real "French" train ride. On the opening day of the convention, the Jonesboro Lake City and Eastern Railroad operated a train of a new box-cars over the line from Blytheville, and each car faithfully reproduced the "voitures" in which so many American soldiers rode to and from the front. The cars had regulation water-kegs, tables and conveniences installed for the legionnaires. The crew which operated the train was composed entirely of overseas service men.

Yankton, S. D.—When the Yankton post of the American Legion found that S. R. Nutt, a former service man, his wife and son, had walked 157 miles in order to obtain employment, the legion assisted the man in getting located. Nutt was a steel worker, and had no money to get to Yankton to go to work with a bridge gang. The legion found him living quarters and paid charges on his baggage, which had been sent ahead by express.

Eureka, Calif.—Graft, extortion, and extravagance have been charged to certain private hospitals now under contract to handle cases of disabled ex-service men in the West, according to A. E. Graupner, chairman of the California rehabilitation committee of the American Legion. Graupner declared that many war veterans have suffered from such practices.

San Francisco, Calif.—A special afternoon, devoted entirely to a great aerial meet, has been set aside as part of the entertainment of the American Legion national convention in San Francisco October 15 to 19.

Aerial sham battles, smoke writing, bombing "attacks", formations of novel and varied nature, stunt flying, altitude tests and other events will be included in the big aviation program mapped out by Major Harris C. Allen, heading a committee in charge of the flying events.

Seek Legion's Aid in Preserving Giant Forests

Los Angeles.—The American Legion will help preserve the giant redwood forests of California from the inroads of lumbermen and destruction by fire. The legion will advocate the establishment of a forest preserve covering several thousand acres to protect the forest monarchs. Because of his love for trees, it was proposed to the legion that the [illegible] be national or state legislation, be named in honor of Joyce Kilmer, the poet, who was killed in France.

Legion's Membership is World Wide

Indianapolis.—The sun never sets upon the American Legion. Veterans of the world war have scattered to the four corners of the world and have joined other comrades in forming posts of the legion. The annual report of the legion's national treasurer shows that the legion has chartered posts in seventeen foreign countries and in five territorial possessions of the United States, in addition to the forty-eight states and the District of Columbia.

With almost five hundred members, the Mexico department of the legion leads all other foreign divisions. Posts have been established in the following countries: Argentine, Brazil, British Isles, Canada, Chile, China, Cuba, France, Germany, Guatemala, India, Japan, Korea, Mexico, New Zealand, Poland and Turkey as well as in the territorial possessions of Alaska, Canal Zone, Hawaii, Philippine Islands and Porto Rico.

New York is the largest home department of the legion. Its 57,417 members will give that state a total of sixty-three delegates at the national convention in San Francisco, October 15-19. Illinois, Pennsylvania, Iowa and Ohio follow in relative order.

Owsley Says Air Disarmament Conference Necessary

Indianapolis.—Competition in armaments [illegible] continental Europe has increased and should be halted by an international air disarmament conference, Alvin Owsley national commander of the American Legion, declared on his return from Europe a few days ago.

"As a result of my European trip," he said, "where I viewed first hand conditions, I urge more strongly than ever the necessity for such a conference. With conditions as they are in the world today, America must either work for peace or prepare for war."

The legion leader said that final results in the legion's poll of United States senators, congressmen, editors, college presidents and other prominent citizens showed an overwhelming sentiment in favor of the holding of a meeting of representatives of all nations ein Washington to reduce military air forces. From a total of 541 replies received in the legion's questionnaire 472 persons expressed approval of the proposed gathering.

Commander Owsley said that the organized veterans of England, France, Belgium and Roumania have agreed to bring pressure to bear upon their respective governments to participate in the conference.

Indorsements of the air disarmament campaign have been received recently from William Jennings Bryan, Josephus Daniels, Samuel Gompers, president of the American Federation of Labor and from Governors J. A. O. Preus, of Minnesota, C. C. Moore of Idaho, Walter M. Pierce of Oregon, W. R. Farrington of Hawaii and William W. Brandon of Alabama.

In addition, the gathering has been favored in resolutions adopted at the recent conventions of the Massachusetts, Mississippi, Colorado and Delaware departments of the legion.

Bands to Compete at Legion Convention.

San Francisco.—One hundred bands and drum corps, composed entirely of American Legion members will compete for the honor of being named as the best legion musical organization attending the fifth annual convention of the American Legion in San Francisco, October 15 to 19.

Rules governing the musical competition have just been announced by Charles H. Cunningham, in charge of this portion of the convention program. Requirements are that all members of competing organizations shall be paid-up members of the legion, and that no legionnaire shall be permitted to enter competition with more than one organization. Other regulations affect organization and instrumentation. Bands will be judged on uniforms and appearance, marching and cadence, and general playing ability. Drum corps will be judged on uniforms and marching appearance, cadence, and maneuvers.

The elimination contest will be conducted as the bands and drum corps pass the main reviewing stand during the convention's big military parade, on Tuesday morning, October 15. From competing organizations, five bands and five drum corps will enter the final contest the same afternoon, when they will be judged on technicalities. Each band will play four selected numbers, specified by the committee. They are Fischer's edition of Selections from Gounod's "Faust"; Selection, "Echoes from Metropolitan Opera House", Fischer edition; Victor Herbert's "Mlle. Modiste", Fischer edition; and "Creme de la Creme", Fischer edition.

A cash award of $1,000 will be paid to the band winning first place, and an equal amount will go to the victorious drum corps. In addition, C. G. Conn and Co., instrument manufacturers, will present a silver loving cup to the winning organization, and a silver loving cup to the band traveling the greatest distance to the convention. Other gifts from this firm will be a silver drum major's baton, Big cream checks and small feed bills are the secrets of success in dairy farming.

First Arrivals from Japanese Quake

Mrs. Don Tinling, wife of the agent of the Admiral Oriental Line at Yokohama, grabbed her daughter Yvonne from the cradle in Yokohama as the first quake was felt and fled to the SS. *President Jefferson* in the harbor. They arrived at Seattle September 15.

INTEGRITY SERVICE

COMPARE

The Maximum of Proved Intrinsic Value VS. *Many Extravagant Claims of Superiority*

So many announcements of new model cars contain extravagant claims for the same superiorities that it is puzzling to the buyer to know which value is real and which is only a claim.

This year the issue has been confused by the introduction of mechanical changes, some of which have been rushed into production while still in the experimental stage—and then immediately given wide publicity.

Important considerations have been overlooked and great stress placed upon unimportant details.

But the man who intends to buy a motor car need not let this confusion or this glamour of publicity lead him to make a mistake or risk satisfaction in his purchase. The automobiles themselves are available for comparison.

See and be convinced. Riding is believing.

As an aid to intelligent buying we offer the following suggestions:

Place the 1924 model Studebaker Light-Six Touring Car at $995 alongside any car you may select as belonging in the same class. Every car looks well in the pictures—most cars make a good impression in their own show windows. The Studebaker Light-Six looks a winner alongside the best-looking competitor you can find. And it's larger, more substantial, roomier, more comfortable looking—and is more comfortable.

Compare the top. Look inside and out. The Studebaker top is sturdily built. Has four stout cross bows. Top material is same as is so satisfactorily used in the Big Six. Notice the fit, feel the quality. The rear curtain is one-piece—has no seams—with a large rectangular window bound by an enameled moulding.

Compare the body. Studebaker has a roomy, substantial, carefully made body—all-steel even to its framework, which permits a finish in baked enamel. A depressed belt line runs around the body and through the hood and radiator, adding to its distinctive appearance.

Compare the one-piece, rain-proof windshield, with built-in cowl lamps, with the ordinary two-piece windshield with rubber strip that leaks in every rain and always obstructs the driver's vision. Notice the large cowl ventilator that is quickly operated by merely moving the regulator backward or forward.

Compare the Studebaker door trimmings and fittings with the door fittings of other cars. Notice that the door pocket flaps have weights to hold them in position. Man-sized door handles and latches, positive-action door locks that catch with a snap and stay closed. Heavy hinges properly located and proportioned, highest grade trimming material instead of painted cardboard. Fastening nails concealed.

Compare the aluminum-bound linoleum that is neatly fitted and fastened to the floor boards of this $995 Studebaker Light-Six with the rubber mats that cover the cheap, loosely-fitted floor boards in many other cars.

Compare the cheap robe rail (sometimes hemp rope covered with imitation leather) with the Studebaker nickel-plated rail. Compare the forty-cent footrest with the comfortable, carpet-covered footrest, supported by polished aluminum brackets, in the Studebaker.

These comparisons are of features that can be seen. There are many more down under the surface that could be mentioned, such as the machining of all surfaces of the crankshaft and connecting rods of the Light-Six motor. This is largely responsible for the practical absence of vibration in the Studebaker Light-Six. This is an exclusive Studebaker practice on cars at this price.

If competition is so far inferior in its visible parts, it is a certainty that the hidden parts which really determine the satisfaction of a car will be equally inferior.

The Studebaker chassis is as far superior to any other motor car chassis in its price field as Studebaker upholstery is to other upholstery, as the Studebaker body is to any other motor car body in its price field.

Come in and see the Light-Six. Test its performance and comfort yourself. Again—Riding is believing.

REGULAR AUGUST MEETING OF THE BOARD OF COUNTY COMMISSIONERS

Kissimmee, Florida, Sept. 3rd, 1923.

The Board of County Commissioners in and for Osceola County, Florida, met in regular session on the above date, there being present, E. L. D. Overstreet, Chairman; J. M. Hansell, H. O. Partin, A. F. Bass and J. L. Overstreet, Clerk, also being present.

The Board was called to order by its chairman, E. L. D. Overstreet and the minutes of the August meeting read and approved.

A Committee consisting of S. L. Lupfer, Sr., R. C. Miller, H. M. Katz, W. J. Steed, H. C. Stanford, Chas. A. Garrett and others, came before the Board in the interest of appointment of a County Agent for Osceola County. Mr. Lupfer reported that Mr. Eugene Gunn of Plant City who was considered a very competent man could be secured, that the Chamber of Commerce of Kissimmee was in favor of his appointment, Mr. Miller speaking for Growers, stated that the County could not afford to do without an Agent and insisted upon the Board making an appointment at once, that no time might be lost in carrying out the plans outlined by Mr. Wilson. Mr. Katz reported that he had charge of a large acreage of orange grove property and while he had made a careful study of the matter, he felt there was a great deal an Agent could do to make his interest and that of the entire county a great success Mr. Steed reported that there were so many new people now engaged in farming and truck growing that an experienced man was very much needed. Mr. Stanford stated that he was not engaged in farming and truck growing, but felt he could realize there was a great need of an Agent, that all progressive Counties in the State had experienced men.

The Board after having heard requests for appointment of County Agent, asked that they be allowed time to discuss that matter, and after due deliberation upon motion of J. M. Hansell seconded by A. F. Bass and carried. Mr. Eugene Gunn of Plant City, was appointed as County Agent at a salary of $150.00 per month, he to have the use of County Car under same conditions as former County Agent.

Commissioner A. F. Bass made a motion that the Board allow Mr. G. W. Ashton, Supt. Road work $25.00 raise making his salary $125.00 per month, motion was seconded by Commissioner H. O. Partin and carried

Mr. C. A. Garrett reported condition of Dr. and Mrs. J. A. McCarthy of Shingle Creek as being serious, stating that some action should be taken to employ a responsible person to take care of them, thereupon, on motion of J. M. Hansell seconded by R. V. Phillips and carried, the Board agreed to allow the sum of $1.50 per day for some one to take care of them.

Mr. Leo. H. Wilson, being present expressed his appreciation of the co-operation he had received from the Board of County Commissioners during his time in Osceola County as County Agent, stating that he hoped the newly appointed Agent would have as good support as he had enjoyed. Mr. Wilson assured the Board that he had an interest in the people of Osceola County and its welfare and would be pleased to give any assistance he might be able to give at any time.

Mrs. G. W. Best came before the Board in the interest of public health nurse. She asked the Board to take the matter under consideration and if possible to agree to make a donation of $900.00 for support of a Nurse beginning January 1st, 1924, and running for six months.

Mrs. W. J. Frip came before the Board in the interest of School Lunch room and asked the Board to allow three months rent which amount would be $60.00, thereupon, on motion of A. F. Bass seconded by H. O. Partin and carried the request was granted.

Mr. J. E. Johnston, County Engineer, filed a plat of the survey of the proposed road east of Marydia and the Stock Pens, which was ordered filed.

Mr. Johnson reported road to Melbourne in need of more repairs, upon motion of H. O. Partin seconded by J. M. Hansell and carried, Mr. Johnston was instructed to secure material and make necessary repairs.

Miss Lucy Bell Settle, District Home Demonstration Agent, appeared before the Board and asked them to consider the appointment of County Agent to take the place of Miss Albina Smith, the Board after discussing the proposition with Miss Settle decided not to take action at this time.

Mr. S. L. Lupfer, Jr. reported that the sign boards along the right of way of Dixie Highway should be removed, the Board assured Mr. Lupfer that they realized his contention was correct, but that the said road was no longer under the supervision of the County Commissioners as it had been designated as State Highway and was maintained as such.

The Board took a recess until 1:30 P. M.

The Board met at 1:30 P. M. a full Board being present.

The Clerk read in the presence of the Board a letter from Flynn Harris Bullard Company, regarding the condition of road near Narcoossee, the Board after having considered the matter passed it without taking any action.

Bill to Wm. Cooper and Nephews, for cattle dip in the sum of $562.10 was presented and upon motion of A. F. Bass seconded by H. O. Partin and carried was ordered paid.

Mr. Ed Yates reported that Mrs. Radford Yates had a large family and was not able to support them and send her children to school, and asked the Board to assist her. The matter was referred to Commissioner Hansell.

Commissioner J. M. Hansell reported that Oliver Sharp had asked the Board to assist him in paying Hospital bill of his brother John Sharp who was in Orange General Hospital, the Board after having considered the matter, upon motion of J. M. Hansell seconded by H. O. Partin and carried, instructed the Clerk to draw a warrant for $43.00, two weeks' expense and mail the same to Orange General Hospital.

Upon motion of A. F. Bass seconded by H. O. Partin and carried, Mr. D. A. Smith was recommended as Cattle Inspector of District No. 13.

Robert Parler, a negro, who has a broken leg and is disabled from supporting himself, came before the Board and asked them to give him assistance, thereupon, the Board agreed to have the County Physician take care of him until he was well providing he would work for the County after he was cured until he had paid the full cost of such care and treatment, to which the negro agreed and Dr. Chann was instructed to take care of him.

The Clerk presented and read letter from Mr. L. H. Wilson, regarding the amounts he had received for cattle dip and balance he held from [illegible] stating that he had made checks to the said funds for all that he held. He also spoke of the kind manner in which he had been treated by the Board while in their employ.

The matter of route from Kissimmee to Lake Wilson District was discussed by the Board and the following committee appointed to ascertain what would be the most practical route and report at a special meeting September 17th, 1923, to-wit: J. E. Johnston, County Engineer, L. R. Farmer and F. W. Ames.

Mr. J. E. Johnston, was also instructed to look over the proposed road from Holypaw to Kenansville and report his findings to the Board at their next regular meeting.

The Tax Collector's report showed the following amounts collected, License $3.75.

Reports of County Depository showed balances in several funds as follows:

Revenue	$ 1790.02
Fine and Forfeiture	267.24
Road and Bridge	16367.55
Special Road	9478.68
Tick Eradication	2089.80
Publicity	1469.46
Fair	31.80

Paid warrants were cancelled from the several funds as follows:

Revenue	$ 1862.55
Fine and Forfeiture	2141.61
Road and Bridge	6323.95
Special Road	20929.94
Tick Eradication	1279.37
Publicity	600.00

The following bills were examined, approved and ordered Paid.

VETERANS ASSOCIATION

The regular meeting of the Veterans Association was held on Saturday afternoon, Sept. 22nd with the President, Mr. Kenney, in the chair. Opening song, America. Prayer, Mr. Kenney. Minutes of the precious session read by the secretary and approved. A little talk by the President on the absence of those who ought to come to the meeting and that they are missing great treats. St. Cloud yell given. Collection taken. Donations sold by the President. The Daughters of Veterans had the social hour with Mrs. Morgan as leader. Song, Old Kentucky Home, Reading, Mrs. Slater, What might have been. Music, Hatton Tills, 2 numbers. Recitation, Margaret Daily, The Little Black Ten. Mr. Marsh, Music on the Harmonica. Recitation, Robertson Daily, Selection on the Mandolin, Mrs. Bird with Mrs. Childers at the piano, 2 numbers. Recitation, Romona Harvey. Music, Mr. Worril with Mrs. Childers at the piano, 2 numbers, Reading, Mrs. Morgan Kill-Kennys Cats. Music, Mr. Marsh, Yankee Doodle. Song, Weston Bailey, My True Love is Gone. For encore, Hammering out our Destiny, pretty good for one in the nineties. Flag Salute by the Daughters. Closed by singing The Star Spangled Banner.

FRANCES R. RILEY, Secretary.

All persons wishing to get in communication with the head of any department, will please call at city hall or mail such request to City Clerk and he will see that same is delievered daily.

JOHN B. COLLINS,
Clerk.

Ford Touring Car

Improved style, more graceful lines and a lower appearance, are outstanding features of the new Ford Touring Car.

These all have been effected through the higher radiator. The cowl has been enlarged and drops in a graceful sweep to meet the larger hood, giving the entire car body generally longer lines.

At the same time the attractiveness of the one-man top and slanting windshield are enhanced.

The exterior appearance of the car is given a further touch of completeness by the new apron on the radiator which connects the fender skirts, bringing a highly finished appearance to the front. This new feature is standard on all Ford passenger car types.

Another improvement resulting from the larger cowl is the increase in leg room afforded occupants of the front seat, making for more comfort in riding.

These touring cars are now on display in St. Cloud and for sale at

CLAUD F. JOHNSON.....President

Entered as second-class Mail Matter April 28th, 1916, at the Postoffice at St. Cloud, Florida, under the Act of Congress of March 3, 1879.

Advertising bills are payable on the first of each month. Parties not known to us will be required to pay in advance.

The Tribune is published every Thursday and mailed to any part of the United States, postage free, for $2.00 a year, $1.25 for six months, or 75c for three months—strictly in advance.

In sending in your subscription, always state whether renewal or new subscriber. In changing your address be sure to state former address.

Reading notices in local column, 10c a line. Rates for display advertising furnished on application.

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

The meanest man we have heard of recently, broke into the country home of our Baptist minister last Sunday while the pastor was conducting services in the city and made away with property valued at three hundred dollars.

Over in Tampa a man named Chas. Brown is butting his head against a "Wall" trying to get re-elected Mayor of that city. Some of the politicians of Tampa are trying to paint the Wall Brown, but the general public of Tampa is finding out a whole lot about both candidates during the campaign.

St. Cloud Growers are going after a larger acreage of strawberries for this season, and are meeting with much success. This is a field of opportunity, awaiting only the hand-work of the tiller of the soil to make good incomes for our people. Tickle the soil it will tickle your pocketbook. Join the Growers Association and help develop our natural resources.

Col. Peter O. Knight is back home from Europe with his usual pessimistic story of "How Good It is to be in America" and especially Florida. His words ring true and we feel that Col. Knight sized up those Europeans about right, when he says they still hate America, in spite of all we did to help win the World War without asking for a share of the spoils at the peace conference.

Ed. Lambright, editor of the Tampa Tribune, is leaning heavily behind a Wall once more. We thought Ed reformed while he was postmaster, but probably Republican replacement caused him to enter politics again in protest to conditions of the "Doyle-Brownie-Carleton" combination in Tampa. Perry Wall is the most able orator in South Florida today and we are only sorry that he is wasting his talents on such a small plum as being mayor of Tampa. He ought to tackle Trammell again.

DRAMA PLAYERS COMING

The "Drama-Players" of Kissimmee have been formed into a permanent organization. Williams Triplett, the veteran actor-stage director and Mrs. Triplett, both noted professionals, have been engaged to personally direct and superintend all productions and to appear in each play.

Their third program, a famous four act comedy-drama entitled "The Sweetest Girl in Dixie" was given at their home theater last week and scored an instantaneous hit, being witnessed by delegations from Saint Cloud, Lakeland and Winter Park, all delegations booking the production to be presented in their towns, while Orlando and Sanford have also been added to the itinerary. The cast of the "Drama-Players" is an exceptionally talented one and includes Miss Margaret Stanford, teacher of expression in Osceola High School, Miss Helen Bass, last year's president of the dramatic club at the Florida State College for Women, Miss Lucy Lupfer, who was the star of the Bands' first play, "Girl of the Flying X", Albert Sutton, a young leading man of marked ability, Walter Bass, a character player of much promise, Allison French, whose excellent experience of the past in the foremost professional ranks places him in the list of finished artists and Mr. and Mrs. Triplett. The play and players, the Kissimmee Concert Band and a splendid orchestra under the able direction of Mrs. S. H. Bullock, with a number of select singing and dancing novelties between the acts will be brought to the G. A. R. Hall in St. Cloud Friday night, Sept. 28th. Free Band concert in front of Edwards' Drug Store from 7:00 to 8:00 o'clock P. M.

Mr. and Mrs. Triplett will also have charge of the "Community Players" of Lakeland during the season and may find time to direct a play or two elsewhere.

Editorial

The Measure of Greatness is the Capacity to Guide with Gentleness

Jack Drunk on a Little Temporary Power

America used to be a democracy, with certain rights guaranteed under the Constitution. Of late the people have sat supinely by, in State after State, and permitted the demagogue to grasp the reins of power. The result has been an abuse of authority to a point where the business of the country has been undermined, and now the very liberties of the people seem to be involved.

Perhaps the most striking example of the dangers in this growing tendency to dictatorship in place of government by law, is found in the brazen Russianizing of Oklahoma under the rule of Governor Jack Walton, who, drunk with a little temporary power, rides roughshod over the rights of the people, rules one county by Martial Law, suspends the writ of habeas corpus, and, finally, brings his blustering rule to a climax by condescending to say he will withdraw his troops from Tulsa, providing the city and county officials resign their offices and presumably let Jack appoint their successors. The officials, of course, were elected by the people, and they can be removed by the people, if the people wish. Governor Walton should be brought sharply to book, and made to realize that he is the servant and not the master of the populace.

History tells the same story wherever self-proclaimed "champions of the peopul" get into the saddle. They ride over liberty almost as soon as they feel their power. Napoleon was the greatest example of the popular hero gone mad. Mussolini, of more recent date, rides with the same high hand, in a more restricted field. Walton crushes the constitution under his iron heel and shows the same despotic tendency in the smaller unit of a State. The people of Oklahoma will not remain hypnotized or cowed by any official bully. There are reports of a movement of the legislature to convene spontaneously with a view to impeaching the Governor. The sooner the better. What happens in Oklahoma within the next month or two, will prove whether the American people, particularly in some of the Western States, have surrendered their right to freedom and liberty of expressing their will through their paid and chosen servants, or whether the spirit of the Fathers still courses through their veins. Eternal vigilance is still the price of peace. Unless the American people awaken to their danger, the grip of the despot will be hard to throw off.

With the present Governor of Oklahoma it's a case of Jack getting drunk on a little temporary power.

Prohibition has stopped some slus. Old age will take care of the rest eventually, so let us be hopeful of the world.

Industrial workers and others cause immeasurable loss and discomfort to the farmers when they go on strike. We wonder what would happen if the farmers were to put the shoe on the other foot. The world would be on its knees in thirty days. What would the steel workers say if the farmer voted for an eight-hour day? Would they pay the price and think it fair?

STUDEBAKER SURPASSES 1922 SALES RECORD IN FIRST EIGHT MONTHS

With four months remaining in 1923, the Studebaker Corporation has already surpassed its entire production for 1922, according to a report just received from the Studebaker factory by Kissimmee Auto Co., local Studebaker dealer. Production for the first eight months of 1923 was 110,540 cars as compared with 101,222 for the full calendar year of 1922.

August production was 15,700 cars and broke all previous records. Production for the first eight months of 1923 was more than 32,000 in excess of the first eight months of last year.

Sales are expected to exceed 150,000 cars this year as against 110,289 last year. And they are well ahead of production which amounts to about 30,000 cars for the first two months of the present quarter as compared with 30,190 for the full third quarter last year.

All plants are running at capacity to meet the continuous, large demand for Studebaker cars from all sections of the country, and indications point to a heavy fall business. The sales of the last four months of this year will therefore represent this year's increase over the 1922 period.

Buildings are now under construction at South Bend, Indiana, which will increase Studebaker manufacturing facilities still further in order to meet more adequately the insistent demand for Studebaker cars. Work on these additions, requiring an investment of approximately $6,000,000, is progressing rapidly.

The new six-story body building, now nearing completion, contains 480,000 square feet of floor space. It is expected that this building will be ready for use before snow flies.

Shipping will be facilitated by a new, four-story storage building and a train shed which are being added to the present facilities. Dimensions of each of these additions are 76x304 feet, and both are now practically under roof and will be soon ready for use.

The mammoth new foundry, alone costing approximately $2,500,000, will measure 722 x 683 feet, and is now well under way. When finished this will be the largest grey iron foundry in the automotive industry.

Studebaker's plant facilities today are unexcelled in the industry, and its financial standing and splendid reputation are the subject of favorable discussion in business circles and among motorists throughout the country.

IT IS UP TO YOU

Office of
C. D. DAVISON
Chief of Police
Globe, Arizona

May 26, 1923.

United Drug Company,
Boston, Mass.

Gentlemen:

I feel that I am only "doing my bit" in making this statement to the public:

For the past ten years I have suffered many deaths from an ulcerated stomach. The best doctors gave up hopes for my life; my life insurance was cancelled; I could not even take milk and crackers, or other simple diets.

A friend coaxed me to try **Peptona.** I did so. I am now eating steaks, omelets, in fact any food I desire. Have gained fourteen pounds in twenty days. No more hemorrhages; sleep like an infant; nerves are such that my duties are a pleasure.

I only wish I could talk to every person who is so unfortunate as to suffer from a bad stomach, and see them cured by **Peptona,** for it is sure.

Yours most gratefully,
(Signed) E. G. Simmons,
Asst. Chief of Police.

Get at The Rexall Drug Store and do not take a substitute—be sure you get **Peptona.**

Uncle John's Josh

Home Town Business Man

Happiness belongs to the firm of Watch and Waite.

Affiliated with Attitt, Early and Layte.

He's a director of the house of Doo and Dairitt.

And President of the company of Grin and Bearitt.

An Important Detail

The movie director was taking an animal scene.

"Mr. Dare," he directed, "in this scene the lion is to pursue you for 500 feet."

"Five hundred feet?" interrupted the actor.

"Yes, and no more than that—understand?"

The hero nodded. "Yes, I understand, but does the lion?"

An Honest Merchant

Customer—"Do you guarantee these trousers all wool?"

Merchant—"Vell, I vouldn't detheive you—the buttons is brass, sir."

The Servant Question

In India she had Mahmut, a Babu boy, as servant. He had been with her about a month when he asked for leave of absence, in order, he said, to go home to see his wife. Babu boys are educated in the native English schools, and they are particularly proud of their ability to both write and speak the English language. Well, they may be. The following is a sample.

Mahmut had overstayed his leave by two weeks, when this letter arrived:

"Hight priestess of the Sun Moon and Stars,

Mem Sahib—

My absence is impossible. Some one has removed my wife. By G—! I am annoyed.

Less than the dust,

Mahmut."

Oh, That's Different!

Miss Gabb—"She wears a smile that won't come off."

Mrs. Gab—"Well, you can't say that about her complexion."

Unexpected Expense

Irate Father—"But how can you support my daughter Mary on $15 a week?"

Suitor—"Surely you don't intend to charge Mary and me rent?"

MAGNETIC MABEL'S MAIL

If you don't know anything, ask Mabel. She'll tell you

Dear Mabel:

If I should drop my glove in the street and a strange gentleman should pick it up for me, what should I do and say? On the other hand, if a strange gentleman should save me from being killed by a speeding automobile, how should I conduct myself?

Timid.

Dear Timid:

In the first case a simple girlish smile is all that is necessary. You could say, Oh, sir, if you think best. Try, of course, to convey the idea that the gloves are your own, and not the ones you borrowed from your room mate. But if, on the other hand, as you so aptly put it, a strange gentleman drags you out from under the very hoofs of a maddened automobile, first glance into the mirror at the back of your vanity case to assure yourself that your complexion is on straight, and then smile pleasantly and say—right there in the middle of the traffic—"May I have the pleasure of knowing to whom I am indebted?" Don't forget the whom—it's so class.

This speech is recommended to every one, because one never knows when one may be called upon to speak extemporaneously like, and it's so embarrassing to get gummed up in one lines on such an occasion.

Mabel.

Punchettes

IDLENESS

No man has the right to be idle. Six days thou shalt work. It is a direct command resting upon every individual. There are no conditions, circumstances or positions in life which authorize one to spend his time in idleness.

The fact that an individual is rich does not excuse him from labor. Every man, regardless of his wealth, his position, his possessions or his power, should be made to labor every day in the week. For one to fold his hands in idleness and leave his brain unoccupied is to make of himself a nuisance and an incubator of evil.

The amusement crave of today is the direct evolution of idleness. There are so many idle men and idle women that it has been possible to build up great amusement enterprises. The idleness of people is being exploited by the avaricious.

The breaking down of society is another evolution of idleness. Idle women, no home duties, no children to care for, no domestic labor to perform, transforms them into dangerous social factors. They become the agents, or they become the objects of every vicious design and desire.

Take the young boys and the young girls with idle hands, idle brains, and unoccupied time. They become the agents of the Devil, and expensive nuisances to society. The aged men and women with nothing to occupy their time or employ their hands become a burden to themselves and a sorrow to all around them.

Idleness curses youth, damns the middle aged, and brings sorrow and premature death to the aged. Idleness fills the dens of dissipation, crowds the pool rooms, occupies the parks, litters up the streets, and gluts the avenues of traffic. Idleness is man's curse and the devil's best weapon.

RICHARD LLOYD JONES SAYS

Watch the Weight You Carry

Bunk and junk are the two great impediments to progress. It is as important to know how to get rid of things as to get things. In running a race he loses the advantage who carries a heavy load. We carry many useless things that we think are essential to our convenience and comfort only to find in the course of time that they encumber.

Spiviculturists tell us that it helps rather than harms a tree to occasionally root up and replant it in its early years. The roots become trained to concentrate. Concentration is the first essential step to success. He who dissipates his powers is on the sure road to disappointment.

The captain who permits the hull of his ship to become barnacle-coated may order just as much power in his engine-room as the ship whose hull is free and clean, but he does not make as much speed.

Despair is the reward of every attempt to carry too heavy a load. The beauty of life is found not in abundance of things we possess, but in the worth of things we hold to—the worth they represent to us in our living.

We are prone to go through life with an unconscious accumulation of barnacles, dragging a worthless weight through the waters we should be eager to traverse with speed that we may know the world and be of use in it.

The will determines our progress; freedom and slavery are both acts of the will. He is free who lives stripped of the barnacles of inertia; he is a slave who falls into that which he would avoid.

Wise men get rid of all impediments. The thoughtless and the foolish spend much good energy in acquiring things they soon wish they were rid of.

That which is true of things is also true of thoughts. You abuse rather than use your years when you carry around a load of ancient principles which, through the wear of time, have been worn to mere prejudices. It is only the free mind like the free hull that can hope to keep pace with progress.

Copyright 1923 by Richard Lloyd Jones

Poem by Uncle John

The leaf is responsive to each passin' breeze, and the mission of leaves is to hang on the trees; they're graceful to look at, and that's about all, exceptin' the litter they makeem they fall. And—somehow or other—there's people we meet, who shift in their feelin's like leaves at our feet. . . .

I wisht you would show me a man who succeeds, by tryin' to believe all the hog-wash he reads . . . or, find me a guy, with a rap to the state, that's always a-nibblin' at popular bait. . . . But we lean on the feller that's standin' alone, with a four-square dependable mind of his own!

I can't help admirin' that "ancient of days"—that old-time commuter that's set in his ways . . . that ain't a-whip-sawin' with every wild scheme, and don't pin his faith to no witch-ridden dream. If we measure the human by what he achieves, there's some that's as hapless, an' fruitless as leaves!

COMING PERSONAL GOING

St. Cloudlets

[illegible] Orlando, Florida, Medical, surgical maternity. Capacity 100 patients. Equipment, rest, diet, physiological therapeutics. Unexcelled in the Southeast. 40tf

The Junior League will give an Americanization play entitled Alice's House Warming in the annex of the Methodist church Friday evening, October 5th, beginning at 8 o'clock. A small admission will be charged.

Dr. and Mrs. Wm. Dodd write the Tribune from Camden, Maine, where they are visiting with the Bancrofts, formerly of St. Cloud. The Dodds stopped in Atlantic City on the way up and also visited in Boston.

Mr. E. J. French who recently came to our city, has purchased a house on Alabama and Fifth streets. Mr. French is a veteran of the Civil War and formerly lived in Britton, Okla., but likes St. Cloud so well that he intends to make his permanent home here.

Mrs. Susan Clark died last Sunday afternoon September 23rd at her home near Ashton. The funeral was held Tuesday afternoon 2 o'clock at the Christian church, Rev. Haner officiating. The burial took place at Mount Peace Cemetery, Eiselstein Bros. in charge.

The Michigan Association will have a picnic dinner at Jugland Beach, on Wednesday, the 3rd of October. All Michigan People are given a cordial invitation to meet with us and help us to start the new year in a manner befitting the occasion.

FRANCES R. BILEY, Secretary.

Mr. and Mrs. G. L. Slipp arrived home last Thursday evening after spending several weeks with friends and relatives in Belfast, Maine. Mr. Slipp is the owner of the Maine Grocery on New York avenue, and comes home much rested up from his vacation trip and ready to start with a big season's business.

The Ladies Improvement Club had their usual meeting Wednesday at 4 P. M. An interesting meeting was held. Dr. Cushman Griswold gave a short talk on "What Women Have Accomplished by the Vote." Several topics on Current Events were discussed. Next meeting to be held on regular date, Oct. 3rd at 2:30 P. M. All are requested to bring some article of interest to women.

Rev. N. W. Beauchamp went out to his chicken house recently in the rear of his lot to find an alligator, full three feet long fast asleep on the cement floor, the door being open, no chickens on the premises at the time. After closing the door he awoke the visitor which finding himself shut in, put up a savage fight, but Mr. B. gave him the room; but when a neighbor came with a rope next morning he had managed to escape.

The "Sweetest Girl in Dixie" is classed as one of the best American plays ever written. It contains every element of the modern success, a plot of deep interest, a dainty little love story and an abundance of good, clean, wholesome laughing material. The antics and characteristic drolleries of the two old-time ante-bellum negroes, "Uncle George" and his wife "Caroline" keep things lively from start to finish.

The Brotherhood class of the Presbyterian church had charge of the Union services in the G. A. R. hall last Sunday evening, Rev. Z. H. Smith making the bible talk for this occasion. A well filled house was present to enjoy the divine services of the evening. Next Sunday will be the last of these Union services and Rev. Wm. Landiss, pastor of the Methodist church will preach the sermon. Beginning with October 7 regular services at the evening hour Sunday will be held in the respective churches.

Sadie McClure, one of the residents of the Shaker Colony, four miles east of St. Cloud, was before Judge Comer Tuesday for examination as to her mental condition. Miss McClure assured the Judge that she was now Glorious Golden Glow, Princess of the Rising Sun, and not a peasant girl that people have thought her to be. She asked that the judge give her a million dollars out of an enormous estate she claimed was held for her at the court house. After examination by Drs. Rivers and Derbyshire and N. C. Bryan, as committee before the court, it was decided to send the unfortunate woman to Chattahoochee for temporary treatment. It was said she had been attending spiritualist meetings until she decided she was reincarnated into a new being of the spirit world and started out to use her imaginary wealth to help unfortunate people. She was returned to her home at the colony to await the arrival of a nurse from the state institution.

Remember—Veterans get tickets at half-price for The Sweetest Girl in Dixie.

Education and co-operation go hand in hand and are among the greatest needs of society. Without education co-operation will fail; and without co-operation, education cannot accomplish the best results.

Seed for the garden or field should be disinfected before being planted in order to insure the resulting crop from diseases. Corrosive sublimate, or bichloride of mercury is recommended for this purpose.

ANNOUNCING THE GRANDEST, MOST GIGANTIC

CLOSING OUT SALE

NOW, FOLKS ! ! LISTEN ! ! !
We have never misled you yet, and when we tell you this is a genuine Closing Out Sale, we mean exactly that, and nothing less. We want you to know we appreciate your past patronage which has helped largely in our success here, and during this Closing Out Sale we are going to show our appreciation by giving the most astounding bargains ever known in this part of Florida. Make up your mind to come and see this Carnival of Bargains !

DETERMINED NOT TO MOVE
One Dollar's Worth of our High Grade Stock to our New Business Home in Bradentown, we are going to let the good people of this territory profit thereby. We could sell the bulk of our stock to merchants but we feel it our duty to give our friends and customers the benefit of any loss we may have to sustain. We will sell every item in our store at retail and we shall not let prices stand in the way.
COME! SEE FOR YOURSELF !

OF FRED S. GILBERT CO.'S ENTIRE STOCK

OF HIGH GRADE MERCHANDISE, REGARDLESS OF COST!

Consisting of Men's Furnishings, Clothing, Men's, Ladies and Children's Shoes of the best known makes. Positively, beyond a doubt, the Greatest, Grandest and Most Legitimate, Sensational Sale ever thrown before the public of this territory. If you know the value of a dollar read this circular with care. This grand and glorious rapid retailing will create a wild pitch of enthusiasm and quick buying desire such as never seen before in this part of the good old State of Florida. NOT ONE ITEM WILL BE RESERVED, the only thing we want left is your good will, best wishes and empty shelves. Hundreds of sales have been held in this part of Florida, you may have seen and attended them all, but when you have attended this one, memories of all others will sink into utter insignificance, for it will be a renovating machine to skeptics.

READ THE POOR, PITIFUL, PLEADING PRICES BELOW:

And hit the trail Friday, September 28th to the most monumental merchandise massacre ever staged in the State

NOTICE OF INSTITUTION OF SUIT

The State of Florida to Horace D. Lyon, alias H. D. Thompson and all other persons interested.

NOTICE IS HEREBY given that on June the 28th, 1923, J. D. Harris instituted suit in the Circuit Court of Osceola County, Florida against Horace D. Lyon, alias H. D. Thompson, and in said suit on the same date obtained a writ of garnishment which has been duly served on Pat Johnston and G. P. Garrett, co-partners doing business as JOHNSTON & GARRETT; that an alias Summons Ad Respondendum issued in said cause directed to Horace D. Lyon, alias H. D. Thompson, and the Sheriff of said County having made a return on said alias Summons Ad respondendum that Horace D. Lyon, alias H. D. Thompson does not reside in the State of Florida: Therefore, said Horace D. Lyon, alias H. D. Thompson, and all persons interested, be and they are hereby required to appear herein to the said action on the 5th day of November, A. D. 1923.

This notice to be published in the St. Cloud Tribune, a weekly newspaper published in Osceola County, Florida, once each week for a period of Eight (8) weeks.

Witness my hand and official seal of office on this 3rd day of September, A. D. 1923.

D. 1918, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property, situated in Osceola County, Florida, to-wit: SW¼ of NE¼ of NE¼ of Section 13, Township 29, South, Range 31 East.

The said land being assessed at the date of the issuance of said certificate in the name of W. H. Savage. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 20th day of October A. D. 1923.

J. L. OVERSTREET,
Clerk Circuit Court, Osceola County Florida.

Circuit Court Seal

By S. H. Bullock, D. C.

Sept. 27-Oct. 26.

Troubled with ants in the yard or seedbed? Remedy: Pour a solution of potassium or sodium cyanide into a stick hole punched about a foot deep at the main entrance to the bed. When the liquid has soaked up, tramp the surface solid. The gas penetrates galleries of the nest and kills the ants.

SPECIAL NOTICE

The City of St. Cloud has on hand several tax certificates on good city property that are drawing 25 per cent interest, which can be purchased by persons desiring to invest money in good property. If the original owners redeem these certificates within two years from their date of issue, they must pay 25 per cent interest for the first year and 8 per cent for the second year. In case they are not redeemed in two years, purchasers can obtain tax deeds. Come in and look the list over. This is a good investment. They are in various amounts, according to the value of the property.

JOHN B. COLLINS,
City Clerk and Tax Collector

Drink More Milk

Milk is sometimes regarded as food for the child only. It is food for the adult—food for the aged also. It contains most of the elements essential for the maintenance of the human body at all periods of growth. It is in easily digested form.

Milk is a Perfect Food and Costs but 16c per Quart

You can well afford to drink more milk because it is the cheapest food in the world in comparison with its value. The milk we sell is straight from the farm—from tested cows—shipped and kept under the most sanitary conditions.

Pershing Faces Firing Squad With Smile

Gen. John J. Pershing, head of the U. S. army, celebrated his 63d birthday, September 13, being "shot" by movietimen. The film will be filed at the war department for posterity.

GOVERNOR WALTON STOPS LEGISLATIVE MEET

(Continued from Page 1)

ately to a downtown hotel, where an unofficial headquarters is maintained.

Within a short time a member of Colonel Key's staff arrived and instructed Representative McBee that no caucuses would be permitted. McBee assured the guard officer there would be no attempt to hold either a caucus or assembly.

A score of Governor Walton's secret service operatives were scattered through the hotel. A guard captain also was stationed there.

Russell Arrested

One of the governor's policemen arrested Campbell Russell, former chairman of the state corporation commission, and one of Walton's political enemies. It was charged that Russell had been circulating copies of a cartoon attacking Walton. He was booked at the police station on charges of disorderly conduct, and inciting to riot and was released immediately on bond of twenty dollars. Russell returned to the hotel.

When the legislators appealed to Adjutant General Markham to have the state policeman removed from the hotel declaring they were being shadowed and intimidated by "Governor Walton's gunmen," they received no action.

Ten members of the senate met in the day in a hotel and after a conference issued a statement that the upper house would make no attempt to assemble until the legality of the representatives' action today had been passed upon by the courts.

"While only ten of forty four members of the senate were present at the meeting," Senator C. Looney of Wewoka said, "we have canvassed the sentiment of the entire body, and it is our decision that the proper course is to follow the law."

CARD OF THANKS

We desire to thank all our friends for the many kindnesses shown during the illness and in the death of our father, Mitchell Peterson, and to all who express such words of sympathy in our great loss.

Mrs. Mitchell Peterson and family.

CLARK-PRICE

Harold L. Clark and Violet G. Price were united in marriage by Rev. E. Atchison on September 17th at The Newport, Eighth street and Minnesota avenue. The groom is a well known young carpenter of this city, while the bride came here some time ago from Milwaukee, Wis. They will make their home at The Newport.

Fifteen new diseases of field and vegetable crops were reported in the United States during 1922, according to the plant disease survey of the Department of Agriculture. Twelve crops were affected. They were carrot, spinach, Swiss chard, lettuce, potato, radish, Chinese cabbage, bean, watermelon, sweet potato, tomato, and tobacco. Most of the new diseases appeared in very restricted areas, seeming to be the result of abnormal climatic and similar conditions.

Life is not measured by where you live but by where you're going—Uncle Ab.

JUST IMAGINE

Your feelings if you should awake some morning and find yourself the owner of some of the following estates.
